## ESTATES & HOMES

April 9, 2014

To Whom It May Concern:

I own a highly successful full service Real Estate firm in San Diego county. We handle all aspects of the industry and include several esteemed contacts and clients. We have had the pleasure of using Doug's considerable knowledge and experience with home improvement, repairs, and property preservation to fulfill our needs whenever a timely and competent repair or service was needed. I found Doug to be prompt, reliable, polite and courteous with a vast knowledge of home improvement skills, along with pleasant and articulate interpersonal skills which allowed myself to be extremely confident in putting our most demanding clients in his hands. I'm confident that Doug would be a tremendous asset to your organization as a highly skilled tradesman in all aspects of Real Estate and Property management.
